Our Members

We come from all walks of life and span all age groups. EarthSave members include parents with young children, as well as seniors, other adults, and teens. We have a wide variety of interests. What we share in common is an interest in educating people about the benefits of shifting toward a plant-based diet and in helping with the transition when they choose to make it.

Everyone is welcome to take part in our programs regardless of their food choices. Each member is on his or her path to finding the optimal diet. And EarthSave is here to give you the information and help you want.

Our Focus

Our focus is on healthy eating, environmentally-sound food choices and on the compassionate purpose of a transition toward a plant-based diet.

Our Organization

EarthSave International is a 501(c)(3) charitable organization funded by membership fees, foundation grants, individual and corporate donations, and program sponsorships. Founded in 1988, we have chapters throughout the United States and Canada.

EarthSave.
Healthy People Healthy Planet™

EarthSave promotes food choices that are healthy for people and for the planet. We educate, inspire and empower people to shift toward a plant-based diet and to take compassionate action for all.
